To
The Secretary to the
Commissioner for the Government of the
Territories of H. H. the Rajah of Mysore,

Sir,

No. 594 of 26th Sept.

I have the honor to submit, for the consideration and orders of the Commissioner, Copy of the letter, marginally noted, from Mr. Mergler requesting permission to construct the distillery compounds at Bangalore and Chennapatam at his own expense and that the site for the transferred distillery at Chennapatam may be made over to him. Mr. Mergler has further stated verbally that his object is to construct burnt brick buildings which will be more lasting than mud walls. There appears to me this important objection to Mr. Mergler's proposition, that the permission would imply that he was recognized as the sole distiller in the Bangalore and Kolar districts. I do not know of any objection to a site for the Arcot distillery at Chennapatam being made over

To

The Superintendent Neilgherry Division

Sir,

I beg to inform you that I am willing to construct the compound walls with the sheds required for the Distillery, for Bangalore and Nuggehalli, at my own expence, and should the Commissioner be pleased to sanction my doing so I request that permission to begin the work be issued as early as possible as there are only 4 months to do the work in.

I further beg to state that the only assistance will require is to be permitted to cut some Cane jungle timber from the jungles at Nuggehalli.

The site which I consider the most suitable lies within a 1000 yards from the Village, by the side of a tope, and in front of a large tank with plenty of water in it. The ground belongs to the Sircar and is under Cultivation at present, but the small portion required would be no material loss to the field from which it would be taken.

For the reason above specified I request you will at an early date, kindly order that I should be put in possession of the new site for the new Distillery at Chennapatanam.
